LOGISTICS (PVT.) LTD.

COMPANY PROFILE

One Partner. Every Route.
Complete Logistics Solutions.

www.tflogistics.com.pk

POWERED BY TRANS FAST GROUP

ABOUT US

Established in 2011, Trans Fast Logistics, a part of the TRANS FAST Group, is one of the leading international end-to-end logistics service providers, delivering cost-effective solutions across Pakistan, Middle East, Central Asia, Indian Subcontinent, Far East, Southeast Asia & major global trade routes.

Trans Fast delivers tailored logistics solutions by understanding each customer's operational requirements and supply chain objectives. Covering all modes of transportation, we provide reliable one-window support from sourcing to final delivery while ensuring consistent service quality across every stage.

Our Vision

Become the region's most trusted logistics gateway to global opportunities.

Mission

Make global logistics seamless, responsive and dependable.

TRANS FAST
LOGISTICS (PVT.) LTD.

OUR SERVICES

LINER AGENCY SERVICE

We provide professional liner and shipping agency services, coordinating principals, terminals, feeder operators, transporters, yards and vendors through experienced teams to ensure efficient vessel, cargo and container operations.

MARITIME SERVICE

With strong operational expertise and an extensive industry network, we deliver reliable vessel support, commercial management and port services while ensuring efficient cargo operations and regulatory compliance.

TRANS FAST
LOGISTICS (PVT.) LTD.

FEEDER SERVICES

Through strong partnerships with feeder operators, terminals, shipping lines and port authorities, we support feeder services calling at Karachi Port by providing efficient container handling, inland transportation and reliable logistics support across Pakistan.

NVOCC

Trans Fast Logistics provides NVOCC and multimodal container solutions across key regional trade lanes, supported by diverse equipment options and tariff guidance based on route, cargo, handling and market conditions.

TRANS FAST
LOGISTICS (PVT.) LTD.

INTERNATIONAL FREIGHT FORWARDING

We evaluate cargo type, urgency, destination, cost expectations and operational conditions to recommend the most suitable transport solution.
As members of WCA and GLA, we benefit from a strong global network and manage routing, carrier coordination, documentation, booking and shipment follow-up.

TRANSPORTATION

Reliable domestic, cross-border and international transportation solutions across Pakistan, Afghanistan and the Central Asian Republics (CIS).
Supported by our own fleet, a network of trusted transport partners and licensed transit capabilities.

TRANS FAST
LOGISTICS (PVT.) LTD.

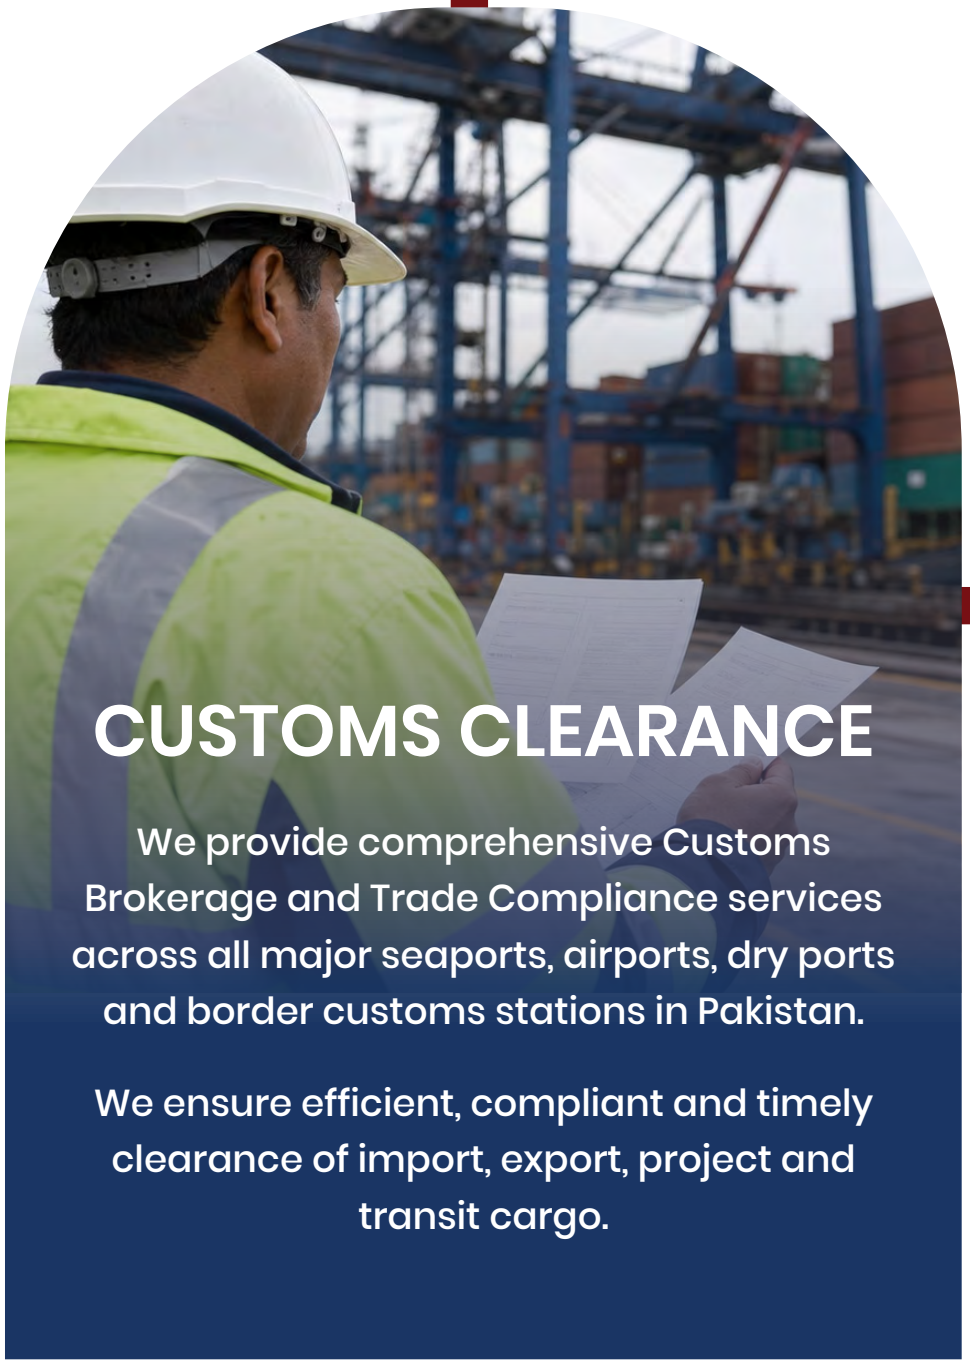
TRANSIT TRANSPORTATION

As a Pakistan Customs Licensed Bonded Carrier, we specialize in transit cargo movements connecting Pakistan's ports with Afghanistan and the Central Asian Republics (CIS). With trusted international partners, we provide seamless end-to-end transit logistics.

TIR TRANSPORTATION

We provide secure international road transportation under the TIR (Transports Internationaux Routiers) system through our trusted partners, enabling faster customs transit and efficient cross-border cargo movement across multiple countries.

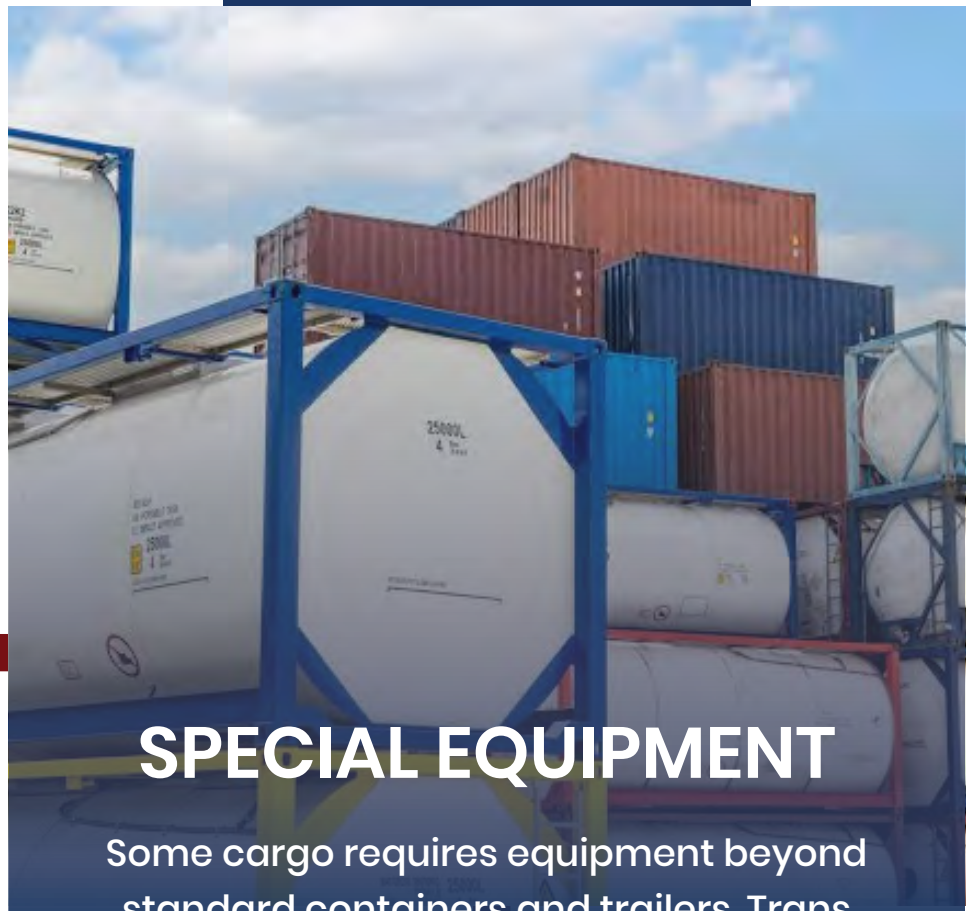
TRANS FAST
LOGISTICS (PVT.) LTD.



CUSTOMS CLEARANCE

We provide comprehensive Customs Brokerage and Trade Compliance services across all major seaports, airports, dry ports and border customs stations in Pakistan.

We ensure efficient, compliant and timely clearance of import, export, project and transit cargo.



SPECIAL EQUIPMENT

Some cargo requires equipment beyond standard containers and trailers. Trans Fast Logistics arranges specialized solutions according to cargo dimensions, temperature, weight, product characteristics and handling requirements.

TRANS FAST
LOGISTICS (PVT.) LTD.

PROJECT CARGO

We support construction, energy, mining, infrastructure, industrial development, telecommunications and manufacturing sectors. The process may include route surveys, cargo assessment, equipment planning, port handling, customs clearance, heavy transportation etc.

WAREHOUSING

Providing access to professionally managed warehousing through contractual arrangements with multiple facilities in southern and northern Pakistan. Options include bonded and non-bonded storage, subject to location, availability and cargo requirements.
